THE PARENT APP: UNDERSTANDING FAMILIES IN THE DIGITAL AGE

Audible Studios on Brilliance, United States, 2016. CD-Audio. Book Condition: New. Unabridged. 171 x 133 mm. Language: English . Brand New. Ninety-five percent of American kids have Internet access by age 11; the average number of texts a teenager sends each month is well over 3,000. More families report that technology makes life with children more challenging, not less, as parents today struggle with questions previous generations never faced: Is my 13-year-old responsible enough for a Facebook page? What will...
