Mountains make the world more beautiful and a very interesting place to live. Some mountains are big and others are small. Did you know planet earth is full of mountains? Many animals live on mountains and many people love to hike them just for fun or adventure. How about you? How do you feel about mountains? If someone asked you what is a mountain what would you say? The dictionary defines a mountain as "a large natural elevation of the earth s surface rising abruptly from the surrounding level; a large steep hill." Does that sound too complicated? Lets try another way. Let say a mountain comes up from the ground and is higher than everything else around it. They are not hills because they are bigger than hills. And mountains...
