

The Great Latke - Hamantash Debate

Filesize: 2.33 MB

Reviews

A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.

The University of Chicago Press, United States, 2006. Paperback. Book Condition: New. New edition. 213 x 140 mm. Language: English . Brand New Book. Creation versus evolution. Nature versus nurture. Free will versus determinism. Every November at the University of Chicago, the best minds in the world consider the question that ranks with these as one of the most enduring of human history: latke or hamantash? This great latke-hamantash debate, occurring every year for the past six decades, brings Nobel laureates, university presidents, and notable scholars together to debate whether the potato pancake or the triangular Purim pastry is in fact the worthier food. What began as an informal gathering is now an institution that has been replicated on campuses nationwide. Highly absurd yet deeply serious, the annual debate is an opportunity for both ethnic celebration and academic farce. In poetry, essays, jokes, and revisionist histories, members of elite American academies attack the latke-versus-hamantash question with intellectual panache and an unerring sense of humor, if not chutzpah. The Great Latke-Hamantash Debate is the first collection of the best of these performances, from Martha Nussbaum's paean to both foods in the style of Hecuba's Lament to Nobel laureate Leon Lederman's proclamation on the union of the celebrated dyad. The latke and the hamantash are here revealed as playing a critical role in everything from Chinese history to the Renaissance, the works of Jane Austen to constitutional law. Philosopher and humorist Ted Cohen supplies a wry foreword, while anthropologist Ruth Fredman Cernea provides historical and social context as well as an overview of the Jewish holidays, latke and hamantash recipes, and a glossary of Yiddish and Hebrew terms, making the book accessible even to the uninitiated. The University of Chicago may have split the atom in 1942, but it's still working...
