

## Avro Canada C102 Jetliner

By Frederic P. Miller

Alphascript Publishing. Taschenbuch. Book Condition: Neu. Neuware - The Avro C102 Jetliner was a Canadian prototype medium-range jet airliner built by Avro Canada in 1949. It was beaten into the air by only 13 days by the de Havilland Comet, thereby becoming the second jet airliner in the world, yet the name 'Jetliner' was more catchy and for many years all such aircraft were colloquially given that name. The aircraft was considered suitable for busy routes along the US eastern seaboard and garnered intense interest, notably from Howard Hughes who even offered to start production under license. However continued delays in Avro's all-weather interceptor project, the Avro CF-100, led to an order to stop working on the project in 1951, with the prototype Jetliner later cut up for scrap. 92 pp. Englisch.

### Reviews

*An exceptional pdf and the typeface utilized was fascinating to read through. It can be written in straightforward words and phrases instead of confusing. I am just quickly could possibly get a delight of looking at a written ebook.*

-- **Prof. Arlie Bogan**

*It is in a single of the best book. This is for those who state there had not been a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

-- **Dr. Barney Robel Jr.**
