

Opportunities to Improve Manufactured Housing Through the Use of Advanced Adhesives and Sealants

By -

Bibliogov, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.Factory-produced housing provides many opportunities for adhesive-based automation and assembly line methods to significantly reduce labor and increase building performance and durability. Newer adhesives are also available that reduce worker exposure to dangerous chemicals, reduce air pollution, and minimize waste disposal concerns that are becoming more common with older solvent-based products. This report presents the results of an investigation into how these new products could be more extensively used in manufactured housing production. The research steering committee included representatives from home manufacturers; adhesives manufacturers and distributors; engineering, testing and certification firms, and HUD.
